YOUTH RADIANCE

ADVANCED RADIANCE
DAY CREAM

HEIRLOOM RICE EXTRACT

25g

UNLOCKING THE POWER OF ANCIENT BEAUTY RITUALS.

Vivya is the first skincare range centred on the powerful ingredient of Sri Lankan heirloom rice, which gives skin a youthful radiance. The product range boasts highly moisturizing, nourishing, and brightening properties.

A combination of ferulic acid and the epidermal growth factor in rice actively protects the skin from aging and reduces the appearance of fine lines and wrinkles. Ferulic acid in rice offers natural protection from the sun and from blue light, addressing the need for naturally glowing, revived skin.

Rice lipids fortify skin barriers and aid in maintaining the skin's acid mantle which protects against bacteria and viruses. These lipids also aid in the retention of essential moisture in the skin.
