

The background of the image is a close-up photograph of natural ingredients. On the left, a halved coconut with its white flesh and brown husk is visible. In the center and right, there are several pieces of fresh aloe vera gel, some sliced into thin rounds, and some green leaves. The entire scene is set on a rustic wooden surface. The lighting is bright and natural, creating a fresh and organic feel.

Kumarika

*Natural balanced
nourishment for your hair!*

A black and white photograph of natural ingredients used in hair care. On the left, a coconut is cut open, showing its white interior. In the center, a thick slice of an aloe vera leaf is shown. On the right, there is a small plant with dark, rounded leaves and a single aloe vera slice. The background is a soft-focus green, suggesting more foliage. The entire scene is set on a dark, textured surface.

Aloe Vera

Helps to reduce hair fall, hydrates the scalp and reduce dryness. Promotes healthy cell growth and shiny hair.

Gotu Kola (Brahmi)

The nutrients in Gotu kola, such as vitamins and minerals, nourish the hair and improve its strength, reducing hair breakage. It helps nourish hair follicles and cells for stronger hair.

Virgin Coconut Oil

Natural way to keep hair grow longer, thicker, and faster. The vitamins and essential fatty acids in coconut oil nourish the scalp, prevents protein loss in hair and hydrates the hair from root to tip for stronger and longer hair.

Bhringaraj (False Daisy)

Pure bhringaraj oil for hair growth is extracted from the leaves of the plant. It is rich in vitamin D, iron, calcium and magnesium and is believed to stimulate hair follicles to promote hair growth and improve hair density.

Amla

Acts as a natural conditioner which makes it an excellent hydrating option for dry hair. It effectively cleanses the scalp of dust, pollution, and oil leaving a resilient luster to hair.

Curry Leaves

Helps to maintain the health of the hair and scalp, improve follicle health & preventing hair fall.

KumariKa

Hair Thinning Control *Nourishing Hair Oil*

This light & fragrant, coconut oil blended hair oil contains red onions, coconut oil, sesame oil and jasmine extracts.

Onion oil helps to enhance hair texture and promotes strong and thick hair growth thus reducing hair loss. Ideal for thin hair that lacks volume. A nature enriched versatile product that helps maintain thick, smooth, and manageable hair.

Contains 100%
natural extracts

No animal testing

Gingelly Oil

Gingelly oil adds a natural shine to the hair, making it look lustrous and healthy. It helps to improve the overall thickness of hair.

Red Onion

Makes the hair more resilient and less prone to breakage. Helps boost growth and thickness for healthier looking hair.

Jasmine

A natural emollient that helps to lock in moisture and prevent dryness. Jasmine provides a soothing pleasing fragrance to hair.

Virgin Coconut Oil

Natural way to keep hair grow longer, thicker, and faster. The vitamins and essential fatty acids in coconut oil nourishes the scalp and strengthen the roots.

KumariKa

Dandruff Control *Nourishing Hair Oil*

This light & fragrant, coconut oil blended hair oil contains the trusted natural extracts of lime, fenugreek and neem which have been used for hundreds of years as a remedy for dandruff.

Dandruff control oil is believed to be great for hair care as it moisturizes and nourishes the hair follicles. It can be added to your regular hair care regime to improve hair smoothness and softness. Very effective and beneficial in dealing with dandruff related problems.

Contains 100%
natural extracts

No animal testing

Lime

The fresh and invigorating aroma of lime is a natural remedy for dandruff that contains antioxidants, vitamins (B and C) and minerals that are essential for maintaining healthy hair.

Neem

Helps to maintain a healthy scalp by suppressing inflammation and soothing irritation caused by various scalp conditions. Promoted healthier hair and help prevent hair loss.

Fenugreek

Fenugreek can help tame frizzy hair, making it more manageable and smoother. It is known to strengthen the hair roots, condition the hair tresses and boost natural hair growth.

Virgin Coconut Oil

Natural way to keep hair growing deeply moisturizes and has anti-bacterial and anti-inflammatory properties to heal and soothe.

KumariKa

Split End Control *Nourishing Hair Oil*

Enriched with the 100% natural extract goodness of rice and king coconut oil, this hair oil gives healthy lustrous hair that acts as an effective leave on product to control hair from split end and rough edges.

Contains 100%
natural extracts
